

PRAJVAL G K

Quality Engineer

Kasaragod, Kerala - 671351, India

Phone: +91 7356287925 | Email: prajvalgk88@gmail.com

PROFESSIONAL SUMMARY

Dedicated and disciplined Quality Engineer with over 3.6 years of experience in the renewable energy sector. Strong expertise in ensuring quality standards, process audits, and training. Proven track record of contributing to large-scale energy projects with a focus on efficiency and safety. Committed to leveraging technical and interpersonal skills to drive team success and business performance.

CORE SKILLS

Technical Skills: Welding, QA & QC, NDT, Piping, Pipeline, HSE (Safety), HVAC, MEP, Oil & Gas, Structure & Construction

Analytical Skills: Process Audit, Quality Assurance, Root Cause Analysis, Corrective Actions, Preventive Actions, Performance Metrics, Installation Efficiency, Technical Training, Compliance Tracking, Data Analysis

Leadership Skills: Team Leadership, Training & Development, Project Coordination, Decision Making, Strategic Planning, Process Improvement, Risk Management, Conflict Resolution, Resource Management, Change Management

Communication Skills: Presentation, Negotiation, Technical Documentation, Client Interaction, Cross-Functional Collaboration, Active Listening, Report Writing, Interpersonal Communication, Clarity in Instructions, Public Speaking

Product Management Skills: Project Management, Quality Control, Schedule Optimization, Resource Allocation, Budget Management, Stakeholder Engagement, Project Documentation, Process Streamlining, Task Prioritization, Timeline Management

WORK EXPERIENCE

Senior Engineer – Quality

Technik Engineering and Contracting Services Pvt Ltd 10/2025 - Present

- Carried out material receiving inspections as per approved drawings, specifications, and ITPs; ensured compliance before acceptance.
- Identified non-conformities during incoming inspection, raised inspection reports/ observations, and coordinated with site, stores, and vendors for corrective action.
- Prepared and maintained material receiving inspection reports and documentation, ensuring proper traceability and records for audits.

Quality Engineer

SARENS Heavy Lift India Pvt Ltd | 01/2024 – 10/2025

- Accomplished a 99% closure rate of punch-points through diligent MCC audit and coordination.
- Enhanced process compliance by 30% through targeted technical training sessions for technicians.
- Reduced NC closure time by 20% by developing a robust tracking system for RCA and CAPA.
- Spearheaded the documentation process for daily progress reports and crane relocation, improving record accuracy.
- Achieved timely project completion by optimising punch-point tracking in multiple large-scale energy projects.
- Conducted thorough inspections, ensuring 100% compliance with tensioning and torquing standards.
- Collaborated effectively with clients, maintaining a seamless communication channel for project updates.

Quality Engineer

PK Engineering Contractor's | 08/2022 - 01/2024

- Improved project delivery timelines by 25% through effective punch-point closure strategies.
- Trained over 100 technicians in process standards, enhancing installation efficiency by 40%.
- Achieved a 95% satisfaction rate from clients by ensuring accurate documentation of component records.

- Led the creation of comprehensive site logs, contributing to a 50% reduction in project delays.
- Implemented process audits that identified and rectified deviations, ensuring consistent quality control.
- Ensured adherence to safety protocols, minimising workplace incidents by 15%.
- Developed training programs improving team performance and fostering a culture of continuous improvement.

Mechanical Internship Trainee

Armstech Engineers Pvt Ltd | 05/2022 - 08/2022

- Assisted in prototyping and testing mechanical systems, gaining practical industry experience.
- Supported engineers in data collection and analysis, enhancing project accuracy.
- Contributed to team meetings, offering insights and aiding in problem-solving.
- Participated in quality checks, ensuring alignment with specified standards.
- Documented technical findings, facilitating knowledge transfer within the department.
- Engaged in collaborative projects, building strong professional relationships.
- Shadowed senior engineers, learning best practices in the mechanical field.

EDUCATION

B. Tech in Mechanical Engineering

LBS College of Engineering, Kasaragod | APJ Abdul Kalam Technological University | 2022 | CGPA: 6.5

DCEM Diploma in Construction Engineering and Management

Armstech Private Ltd | NACTET | 2023 | CGPA: 80%

12th Grade

GHSS, Kuttamath | Kerala State Board | 2018 | CGPA: 90%

S.S.L.C

GFVHSS, Cheruvathur | Kerala State Board | 2016 | CGPA: 90%

CERTIFICATIONS

- Additive Manufacturing and Production System | Alphasys 3D Printing Solution
- WELDING
- QA & QC
- NDT
- PIPING
- PIPELINE
- HSE (SAFETY)
- HVAC
- MEP
- OIL & GAS
- Structure & Construction

ADDITIONAL SECTIONS

- **UG Project:**
Manufacture of Vacuum and steam-based floor cleaners aimed at creating an efficient and economical cleaning system for commercial buildings.
- **Sports Achievements:**
 - Represented Kasaragod District in State-level Basketball competition (2017, 2018).
 - 3rd Prize in KTU Inter Zone Basketball Competition.
